# OUR HISTORY

Having a long history in production and manufacturing since 1972 and the start of production of their own Axles and Suspensions in 1980 and the production of their first trailer in 1983, Serin has become a market leader in the European Trailer Industry. Serin have since become exporters of their trailer products to Middle Eastern and African Countries while still being preferred in their domestic market.

R&D Centre was opened offering all sorts of services and design inputs.

Started all Production processes with Galvanized Coating.

Started usage of Depot Facilities with the highest storage capacity in the Trailer Manufacturing Sector in Turkey

Production of Specialised Paint Facilities with 6000m<sup>2</sup> of closed painting area with Sandblasting, Cataphoresis coating and Specialised Painting abilities. Cataphoresis coating is a process of electro coating metals to get a high resistance to atmospheric agents.

Start of production of third 20000m<sup>2</sup> Factory Plant.

Start of production of a 12000m<sup>2</sup> second factory plant.

The first Trailer was manufactured being a Container Carrier Trailer to meet local demand.

SERIN Brand Axle and Suspension introduced, and production started

The Company SERİN MAKİNE LTD was established by the Serin Brothers who started manufacturing Axles and suspensions for Mercedes Benz under license

(68 - 82 Ton Carry Capacity)*

Serin SA Tankers and Trailers was established in 2018 after being involved in the introduction of Serin Products into East Africa since 2008. Subsequently, over 5000 chassis have been placed into the Tanzanian market, over 2000 of which are fuel and LPG tankers.

The management team has over 60 years' experience in the transport and commercial vehicle sectors, having been extensively involved in running OEM dealerships throughout SADEC.

The breakdown and maintenance support Network of 12 Dealers countrywide, caters for both mechanical and tanker specific skill set with strong presence in all major gantries.

Finance is available through our business alliances – kindly enquire with our team on a custom-made solution for your business.

**WE PRIDE OURSELVES  
ON QUALITY**

# ABOUT SERIN

Serin began as a Trailer Company in a small workshop in Konya in 1972, servicing and producing axles for the transport sector.

We began exporting axles to Middle Eastern countries in 1980, establishing ourselves in the logistics sector by manufacturing container carrier trailers. SERIN Trailer firmly established its brand in the industry and expanded its operations to meet market demand by focusing on quality and customer satisfaction.

Today, Serin is dedicated to providing the transportation industry with innovative products that improve productivity and profitability. Serin's proud heritage is championed by our dedicated employees worldwide through creativity, integrity, and superior service. We continue to invest in technology and innovation, manufacturing trailers, tankers, cargo and heavy-duty vehicles.
